(JI) The student engagement team will be supporting the campaigns operationally and will monitor how the changes are working. The Sabbs will be working with campaigns to keep them engaged in the SU. (JI) Changes have been made to the Code of Conduct and this has now been finalised. (JI) The Comms Strategy has been circulated to the Board. (JW) The strategy doesn't outline the qualitative ways you plan to hear back from students. There isn't enough data. (RB) Comms will be an area of focus for the Head of Student Engagement and Communications this term. (IM) The strategy doesn't have enough assessment of where we are currently.

	 (RB) Pay review has been approved by FC and is now at the implementation phase. NI providing some additional support and an insight into logistics. (RB) Accounts have been looked over by Finance Committee. Advertising income is going well and we are on track to meet the reforecast budget. (JI) Report includes reflections on the staffing restructure. This was implemented in January 2018. We are seeing benefits of this, the organisation is functioning much better, but there are still a number of issues; OSSL is not quite where we would like it to be and support for Sabbs still needs time and attention. RB invites questions from the Board: (NE) Confident that the pay review is financially sound, although more consideration potentially needed on the HR aspect. 	
7.	 Quinquennial Review 2020 (RB) Asking the Board to start considering what we will cover in the Quinquennial Review. Who from the Board will work on this? What does the review need to focus on? What scale of review do we need? (SO) How happy are the university with your current governance? (JI) They have encouraged a light-touch approach to this review. (JW) If we only review our governance every 5 years, we should be looking into it in more detail. (AD) The review should look at which university committees the Sabbs sit on. (EM) Reviewing Sabb role remits should be a priority. Every role needs to be looked at in depth, especially VP WEO and VP Women. Combining these roles should be considered. (KW) I don't think we need the role of VP Women; not because it isn't important, but the role is much smaller and ends up working on cross over projects which are in the remit of the other Sabbs. (RG) Review should also look at 5-year plan regarding clubs and societies. Is there the need for a VP Activities? (IM) Would like to see all things in point 15 considered in the review. (JI) Who will be on the review group? (AD) Concerned that we have specialised knowledge of our own roles, but there would only be one Sabb on the review group? (LBS) How would Student Council feed into the review? (RB) Council would need to be consulted. (SO) The review should have a wide consultation but a narrow remit and a small group. (JW) Will there be a University representative in the group? (RB) The Academic Registrar would be the nominated person from the University. (JI) Agreement that membership of the review group will be a council and noncouncil Sabb, the CEO, an external trustee and a student trustee. Group will consider how they consult various stakeholders. 	RB to continue work on Quinquennial Review. Board members to contact RB if they would like to be involved in the project. Sabbs to plan Quinquennial Review handover to successors.
8.
