Introduction to the SU

Welcome to Oxford SU! A dynamic, student led charity dedicated to representing the diverse community of students studying at the University of Oxford.

We're not your typical charity; we're student-led and driven by the issues that matter most to our students. Our mission is to ensure that every student's voice counts, and together, we strive to enhance the experience of all students at Oxford.

Oxford Students' Union is led by four elected, Full-Time Presidents, and our Part-Time Officers who represent you at the highest levels of the University, and work to provide an equitable student experience, grounded in community.

We work closely with Common Room leaders to ensure your voices are heard, and the SU is working on the issues that matter to, and affect you, our members.

This termcard will give you all the information you need to make the most out of your time at Oxford, and guidance on how to get involved with the SU.

RepComs

(Representative Committees)

Representative Committees (RepComs) are a core part of Conference of Common Rooms' governance.

Meeting termly, they bring together representatives from student communities to discuss shared issues and ensure their voices are heard across the University and its colleges.

Chaired by relevant Equity Officers, RepComs play a vital role in amplifying the voices of marginalised students and feeding key issues into the wider Officer Team and University decision-making processes.

Any student who self-identifies with any of these identities can come along, you don't have to hold an elected position to attend.
